34 years ago a young East Texas couple embarked on a journey that at the time was merely a means to put food on the table for their growing family. Unbeknownst to them, their nature would have an endless impact on the business they would create.

**LOVE STRONG.** From 1981-1984 Kim Crabb worked for a local trailer manufacturer that ultimately went out of business leaving customers without product and workers without a job. With Kim’s heart and desire to positively impact people, she embraced Mike’s idea to start their own trailer business. Needless to say, they were all in and Diamond C was born.

**DO WORK.** Mike’s construction and auto/body background, combined with his grit, knack for quality and resolve to improve customer experience through innovation, quickly set the stage for Diamond C to become a bold brand about much more than just building trailers.

Today, Diamond C is still a family owned and operated company that continues striving to produce innovative, feature-rich trailers. Thus allowing the company to live out its purpose of promoting the well being and success of its team members, customers and communities.

#BeTheDifference        #DoWorkLoveStrong
For your everyday hauling needs, Diamond C open flatbed trailers are equally at home hauling your golf cart to the course, your lawn mower across town, or your ATV/UTV to the hunting lease. With a versatile range of features and options to choose from, these single axle utility trailers are sure to exceed your expectations for a multipurpose trailer.
