 **DIAMOND C**

Do Work. Love Strong.

OUR STORY.

36 years ago a young East Texas couple embarked on a journey that at the time was merely a means to put food on the table for their growing family. Unbeknownst to them, their nature would have an endless impact on the business they would create.

LOVE STRONG. From 1981-1984 Kim Crabb worked for a local trailer manufacturer that ultimately went out of business leaving customers without product and workers without a job. With Kim's heart and desire to positively impact people, she embraced Mike's idea to start their own trailer business. Needless to say, they were all in and Diamond C was born.

DO WORK. Mike's construction and auto/body background, combined with his grit, knack for quality and resolve to improve customer experience through innovation, quickly set the stage for Diamond C to become a bold brand about much more than just building trailers.

Today, Diamond C is still a family owned and operated company that continues striving to produce innovative, feature-rich trailers. Thus allowing the company to live out its purpose of promoting the well being and success of its team members, customers and communities.

Car Hauler Trailers

We are ushering in a whole new generation of car haulers - all reimagined, newly designed, and jam packed with all our latest engineering advancements. Our new car haulers cover everything you could possibly require from a modern car trailer - from commercial auto transporting and weekend drag racing to classic car collecting and transporting your prized show-car. Customization is the name of the game here, whether it be wood floor vs. steel floor, gooseneck vs bumper-pull, or your choice of dovetail or ramps, we have you covered.
