

Facilities Engineer / Project Manager

At Diamond C, our purpose is to fuel the growth and success of our team-members, customers, and community abroad. We're committed to more – more process improvements, more sustainable manufacturing, and more opportunities for our team. In this role, you will be an integral part of the team tasked with taking our processes from good, to great, to world-class. Our company has seen unprecedented growth, and there is only more to come.

This role will be primarily focused on managing the expansion of our facilities and infrastructure.

Responsibilities

- Project Scoping - Budget & Timeline
 - Ask probing questions of internal stakeholders to help define project goals and constraints.
 - Leverage internal and external resources for fact-finding which will provide solution definition.
 - Facilitate cross-team discussions to reconcile differing perspectives and enable tradeoff driven decisions.
- Vendor & Contractor Management
 - Multiple internal and external stakeholders involved in Diamond C infrastructure projects. This position must bring everyone to the table to ensure the project gets complete.
 - Solicit bids from multiple providers and present tradeoff-driven recommendations to management.
 - Negotiate with vendors to ensure on-time, under-budget project completion.
- Project Management - Actively Track Project Status & Direction
 - Continually track status of 5-10 large projects in work at any given time.
 - Identify and remove bottlenecks to progress.
 - Identify and Schedule sequential & lead-time driven activities efficiently to shorten project duration.
 - Identify and communicate impact of project scope changes, while enabling fast-paced innovative pivots during the process.
 - Provide visibility to executive management on project status.
- High-Level Design & Layout
 - Work with expert designers to ensure project solutions fulfill all organizational goals while staying within required constraints.
 - Personally suggest and advocate for EXTRAordinary solutions which will enable Diamond C's growth.

Professional Requirements

- Highly organized and skilled at scoping and organizing large projects with many internal and external stakeholders to satisfy.

- Extensive project and resource management experience including deep experience with project milestone tracking.
- Experience with Capital Expense projects and CapEx budgeting.
- Understanding of large-scale facilities planning, engineering, and construction processes and experience in the field.
- Great at arranging timelines, resources, vendors, contractors, and team-members for desired outcomes.
- Mechanical/Industrial experience and inclinations-- able to learn and understand principles of new processes and operations with ease.
- Strong critical thinking skills.
- Excellent problem-solving skills, including previous experience with statistical process control, root cause analysis.
- Ability to quickly assess assigned task requirements, identify potential challenges, and communicate effectively in order to expedite the successful execution of assigned work.
- Ability to work independently and within cross-functional team environments.
- Ability to work and solve problems independently with minimal supervision.
- Excellent written communication, verbal communication and interpersonal skills.
- Basic 2D and 3D CAD proficiency.
- Experience with Microsoft Office and Google platforms.

Preferred Experience

- Solidworks 3D proficiency preferred.
- Manufacturing or Automotive industry experience.
- Experience working in a manufacturing environment with a solid understanding of manufacturing operations.
- Experience with industrial automation and advanced fabrication technology.
- Hands-on manufacturing/prototyping experience.

This is your opportunity to impact and fuel the growth and success of our team-members, community and customers through an inspired, dynamic, innovative team that is transforming the world of trailer manufacturing. If you're interested in bringing your unique talent to support our mission, please send us your resume. We look forward to hearing from you!
