

IT Solutions Architect

Overview

At Diamond C, our purpose is to fuel the growth and success of our team-members, customers, and community abroad. We're committed to more – more process improvements, more sustainable manufacturing, and more opportunities for our team. As the IT Solutions Architect, you will leverage your extensive manufacturing and ERP knowledge to deliver solutions. The ideal candidate for this role must have a collaborative spirit and drive for continuous improvement. The IT Systems Architect will build effective relationships with leaders across the business and have a strong focus on our foundational “Do Work, Love Strong” culture.

This position is located in Mt. Pleasant, Tx.

Responsibilities:

- Analyze, support and lead the development of the company's ERP Delmia Works.
- Established, implements, and documents workflows and training.
- Improve the reporting and assist with data integrity.
- Continuous improvement to the ERP in discovery, risk assessment and developing solutions.

Qualifications:

- Bachelor's degree in Computer Science, Management Information Systems, or related field preferred.
- Experience with API, Oracle & SQL
- Expert knowledge of virtualization, on premise, hybrid, and cloud computing.

We encourage and welcome applicants with any and all backgrounds, experiences, abilities, and competencies. All decisions regarding hiring, promotion, discipline, and discharge are based on qualifications, merit, and the needs of the business. We are an equal opportunity employer.
