

## **New Product Introduction (NPI) Planner**

### **Overview**

At Diamond C, our purpose is to fuel the growth and success of our team-members, customers, and community abroad. We're committed to more – more process improvements, more sustainable manufacturing, and more opportunities for our team. As the New Product Introduction (NPI) Planner you will be responsible for all the planning of NPI and Supply Chain Data Analytics. The role will build effective relationships with leaders across the business and have a strong focus on our foundational “Do Work, Love Strong” culture.

This position is located in Mt. Pleasant, Tx.

### **Responsibilities:**

- Manage the PIPO (phase in phase out) process to support NPI.
- Use enterprise resource planning (ERP) system(s) for processes such as inventory tracking, product transfer, supplier scheduling, process and workflow management, etc.
- Contribute to project readiness by working on NPI projects tasks on designated IT systems.
- Collect, monitor and analyze Supply Chain data including planning, scheduling, sourcing, warehousing, production, and delivery.
- Helps to investigate pain points within the process and develop solutions to resolve conflicts and inefficiencies.

### **Qualifications:**

- Applied knowledge of forecasting, transportation, supply chain, and inventory management
- ERP related experience in a manufacturing environment is desirable
- Analytical with a methodical approach to problem solving
- Advanced knowledge of MS Excel functions for supply chain analytics and data processing

*We encourage and welcome applicants with any and all backgrounds, experiences, abilities, and competencies. All decisions regarding hiring, promotion, discipline, and discharge are based on qualifications, merit, and the needs of the business. We are an equal opportunity employer.*
