

## Maintenance Technician

### Overview

At Diamond C, our purpose is to fuel the growth and success of our team-members, customers, and community abroad. We're committed to more – more process improvements, more sustainable manufacturing, and more opportunities for our team. As the Maintenance Technician you will be responsible for ensuring the smooth operation, repair, and maintenance of machinery, equipment, and systems within a manufacturing facility. . In this role, you'll build effective relationships with our team-members across the business and have a strong focus on our foundational "Do Work, Love Strong" culture.

### Responsibilities:

- Install, repair, and replace electrical wiring, systems, fixtures, conduits, pipes, and circuit breakers in buildings.
- Connect electrical systems to provide electricity and ensure proper installation and operation.
- Test and inspect electrical systems for repairs and maintenance.
- Perform routine inspections, maintenance, and repairs on machinery and equipment to optimize performance and minimize downtime.
- Troubleshoot and identify the root cause of equipment malfunctions.
- Repair or replace faulty components or systems (electrical, mechanical, hydraulic, or pneumatic).
- Perform preventive maintenance tasks according to schedules and checklists.
- Follow safety protocols and ensure compliance with regulations during maintenance activities.
- Keep accurate records of maintenance activities, including repairs, inspections, and preventive tasks.
- Collaborate with team members and departments to coordinate maintenance activities and address equipment-related issues.

### Qualifications:

- Prior experience in maintenance or repair work, preferably in a manufacturing or industrial setting.
- Familiarity with troubleshooting techniques and repairing various types of machinery and equipment.
- Understanding of equipment manuals, diagrams, and technical specifications.
- Ability to work well independently as well as in a team environment.
- Good physical stamina and strength to perform manual tasks and lift heavy objects.
- Ability to work in various environmental conditions, including confined spaces, heights, or extreme temperatures.

### Physical Requirements:

- Must be able to see color to discern color-coded wiring.
- Prolonged periods standing, kneeling, bending, and climbing ladders or scaffolding.
- Must be physically capable of pulling wires and cables through conduits.
- Must be able to lift up to 75 pounds at a time.

*We encourage and welcome applicants with any and all backgrounds, experiences, abilities, and competencies. All decisions regarding hiring, promotion, discipline, and discharge are based on qualifications, merit, and the needs of the business. We are an equal opportunity employer..*

Acknowledgement - I agree and accept the offer and responsibilities as stated above:
