

## **Sr. Maintenance Manager**

### **A little bit about Diamond C:**

Founded in 1985 by Kim and Mike Crabb, Diamond C has grown from a small, local manufacturer to a 800+ team members strong company. Today, Diamond C is still a family-owned and operated company in Mt. Pleasant, TX, Diamond C continues to strive to produce innovative, feature-rich custom trailers while promoting the well-being and success of its team members, customers, and community abroad.

### **About the Position:**

We are currently seeking a Sr. Maintenance Manager to oversee the maintenance and repair of our manufacturing equipment and rolling stock. The ideal candidate will have a strong background in industrial maintenance and will be comfortable working with lasers, robotic welding, press breaks, and powder coating equipment.

### **Required Skills:**

- Develop and implement a comprehensive maintenance program for all manufacturing equipment and rolling stock
- Manage a team of maintenance technicians and oversee their daily activities
- Coordinate with production and engineering teams to ensure that equipment downtime is minimized and production goals are met
- Ensure that all equipment is properly calibrated and maintained to meet quality and safety standards
- Work closely with vendors and suppliers to source replacement parts and equipment
- Continuously monitor equipment performance and identify areas for improvement
- Develop and manage the maintenance budget for the manufacturing facilities
- Ensure compliance with all regulatory and safety requirements

### **Requirements:**

- Bachelor's degree in engineering or a related field
- 10+ years of experience in industrial maintenance, with a focus on manufacturing equipment and rolling stock
- Strong technical knowledge of lasers, robot welds, press breaks, and powder coating equipment
- Experience managing a team of maintenance technicians
- Excellent communication and leadership skills

- Ability to work effectively in a fast-paced, dynamic environment
- Strong problem-solving and analytical skills
- Experience with Lean manufacturing and Six Sigma methodologies is a plus

If you have a passion for manufacturing, a strong technical background, and a desire to work in a dynamic, fast-paced environment, we encourage you to apply for this exciting opportunity

*We encourage and welcome applicants with any and all backgrounds, experiences, abilities, and competencies. All decisions regarding hiring, promotion, discipline, and discharge are based on qualifications, merit, and the needs of the business. We are an equal opportunity employer.*
