

## QC INSPECTOR / WELD INSTRUCTOR

In 1985, Mike and Kim Crabb founded Diamond C with a small team and a big dream. Over the years, the company has grown significantly, now employing over 900 team members. Diamond C remains a family-owned and operated business, with a strong emphasis on our foundational “Do Work, Love Strong” culture, which is based in Mt. Pleasant, TX.

We are unwavering in our commitment to more – more process improvements, more sustainable manufacturing, and more opportunities for our team. Our purpose is to fuel the growth and success of our team members, customers, and community. We're dedicated to being a positive force for change and using our expertise to make a meaningful impact on our community abroad. This role is located in Mount Pleasant, TX 75455

### Purpose:

At Diamond C, our purpose is to fuel the growth and success of our team-members, customers, and community abroad. We're committed to more – more process improvements, more sustainable manufacturing, and more opportunities for our team. As the Weld Tech Trainer you will perform welding and technical support such as welding process troubleshooting, improvement, and performing inspections. The role will build effective relationships with leaders and team members across the Operations, Weld and QC functions and have a strong focus on our foundational “Do Work, Love Strong” culture.

### Responsibilities:

- Troubleshoot welding techniques and routine equipment issues, assisting inspectors in resolving technical challenges.
- Oversee and ensure compliance with welding quality control procedures, including welder continuity, welding equipment calibration, and flux over logs.
- Evaluate, propose, and implement welding process improvements to increase efficiency, quality, and compliance with industry standards.
- Collaborate with production and engineering teams to address quality concerns and drive continuous improvement initiatives.
- Maintain accurate documentation of inspection results, training records, and process improvements.
- Enforce safety protocols and quality assurance guidelines within the welding inspection team.
- Perform assigned quality control inspections.
- Perform other duties as required.

### Qualifications:

- 3-5 years of FCAW, SAW, and SMAW welding experience.
- Previous experience in a supervisory or training role within a welding or quality inspection environment preferred.
- Proficiency in using various weld inspection tools such as amp/volt/wire feed/gas flow meters, fillet weld gauges, undercut gauges, etc.
- Welding-related Associate Degree and AWS Certified Welding Inspector (CWI) certification desired.
- Strong ability to read and interpret welding symbols, welding procedure specifications, work instructions, drawings, and bills of materials.
- Working knowledge of AWS welding procedure specifications and weld filler/base materials.
- Excellent communication, leadership, and problem-solving skills.

### Benefits:

- Medical
- Dental
- Vision
- Long and Short Term Disability
- Employer Paid 25K Life Insurance
- Other Supplemental Policies
- Physical Wellness Program
- Paid Maternal/Paternal Leave
- Tuition Reimbursement Program
- 401(k) & Company Match
- Scholarship

We encourage and welcome applicants with any and all backgrounds, experiences, abilities, and competencies. All decisions regarding hiring, promotion, discipline, and discharge are based on qualifications, merit, and the needs of the business. We are an equal opportunity employer.
